2021 - 2025

*Major: Software Engineering*

## CERTIFICATIONS

IELTS Certificate with score 7.0 issued by IDP VN 2023

9/2023

## SKILLS

Programming Languages      Javascript, Typescript, Java , Python(Novice)

Database Management System      MongoDB Atlas, PostgreSQL

Software & Tools      Git , Postman , MongoDB , Firebase

Foreign Languages      IELTS 6.5 (L:7.5 , R:6.0 , S:6.0 , W:7.0)

Frameworks / Platforms      ReactJS,NextJS, React Native, NodeJs (Express, NestJs),Tailwind Css

Soft skills

- Experienced in using AI tools and effective prompting techniques to enhance work efficiency and task automation.
- Skilled in using office applications (Word, Excel, PowerPoint)
- Have a good foundation in OOP methodologies and Design patterns
- Have problem-solving skills, adaptable to new environments, with effective teamwork, critical thinking, innovative and a proactive learning mindset
- Familiar with project management practices using Jira and Confluence, including Waterfall, Scrum (Agile), and Kanban methodologies
- Apply myself with uttermost focus in assigned tasks to deliver exceptional outcomes that exceed expectations

## WORK EXPERIENCE

### ◆ TDTU University

February 2022 - May/2022

## IT SUPPORT VOLUNTEER

- Provided technical support for software and hardware issues
- Assisted in setting up computer systems and network configurations
- Created documentation for common troubleshooting procedures
- Provided consultation and addressed student inquiries in a timely and effective manner.

## ◆ Anh Hao Quang English Center

March 2023 - March 2024

### ENGLISH IELTS TEACHER

- Delivered IELTS preparation lessons across all four skills: Listening, Reading, Writing, and Speaking
- Developed exam-focused materials and provided targeted feedback to improve performance
- Supported students in achieving higher band scores through personalized instruction

## PROJECTS

### ◆ Habit Tracking Mobile Application

10/2025 - 12/2025

#### Fullstack developer

- Developed a native Android habit tracking application using Android Studio and Java
- Implemented features for creating, monitoring, and managing daily habits with reminders
- Designed user-friendly interface with intuitive navigation and progress visualization
- Integrated local database (Firebase) for persistent data storage and habit history tracking

### ◆ LSTM-based Machine Translation (EN → FR)

9/2025 - 11/2025

#### Machine Learning Developer

- Built an LSTM Encoder–Decoder with Attention for English–French machine translation using Python and PyTorch.
- Handled the full workflow: data preprocessing, training, inference, evaluation, and error analysis, with attention visualization and model optimization.

## HABITS

- Enjoy sports ranging from football, swimming to jogging
